

# Adana Cement to Invest \$80 Million on New Turkish Clinker Plant

Adana Cement Sanayii TAS, a Turkish cement producer, will invest \$80 million to set up a new clinker plant in Iskenderun in southern Turkey, owner Oyak Cement Group said in an e-mailed statement today.

The construction will start in October and will increase Adana Cement's annual clinker production capacity to 3.3 million metric tons from 2.3 million tons upon completion in two years, according to the statement.
